

High School Supply List

The following list is for students in grades 9-12. The list is basic and it is assumed that the students will purchase additional supplies based on personal preferences and teacher requirements for selected courses.

- NKJV Bible
- 1 new, unused USB stick
- Pens, pencils, 1-2 red pens, and 1-2 highlighters
- Merriam-Webster's Dictionary and Thesaurus
- Texas Instruments TI84 Graphing Calculator
- 1 box of tissues (to be given to homeroom teacher)
- 1 container of disinfectant wipes (to stay with them)

***Since lockers will only be used for winter jackets, student backpacks should be big enough to carry one days' worth of supplies and books for their classes. Also, students cannot share supplies, so they should be prepared with adequate pens and pencils.**
